New Developments from MyHeritage DNA

Genetics has a profound influence on our lives, impacting behaviour, personal characteristics, culture, family relation and more. Gain new insights into the value of DNA testing with MyHeritage and the many ways it can be used to help genealogists.

Daniel Horowitz is the Genealogy Expert at MyHeritage, providing, key contributions liaising with genealogy societies, bloggers and media, as well as lecturing, and attending conferences around the world. Dedicated to Genealogy since 1986, he was the teacher and the study guide editor of the family history project "Searching for My Roots" in Venezuela for 15 years. Daniel is involved in several crowd source digitization and transcription projects and holds a board level position at the Israel Genealogy Research Association (IGRA).

Wednesday, April 24,

Doors open at 6:00pm (coffee & tea will be available). Lecture start at 7:00 pm

14 Charterhouse Buildings,

Goswell Road, London EC1M 7BA
